## INTRODUCTION AND PURPOSE

The Workforce Innovation and Opportunity Act (WIOA) authorizes the implementation and operation of a variety of programs designed to facilitate the transition of persons into permanent, full-time employment. On-the-Job Training (OJT) is recognized as one of the most effective programs that contribute to this objective. The OJT process allows the participant to learn skills that will enhance retention in unsubsidized employment. This Policy Handbook provides procedures for implementing the OJT program.

All programs authorized under WIOA are intended to benefit those in need of training to reduce the identified skills gap. These individuals frequently require training and other services which are over and above those normally provided other new employees. WIOA OJT provides reimbursement to employers for extraordinary costs incurred in hiring persons in need of training. The reimbursement period is based on a negotiated training time.

The OJT program encourages employers to hire and train individuals that they traditionally would not hire without the incentives provided by the program. An individual may be enrolled in an OJT program only upon completion of core and intensive services to include an assessment and IEP in which OJT and the occupation offered by the employer is an appropriate activity.

Within the limits of this policy, jobs suitable for OJT contracting include those that offer permanent, full-time employment. While most jobs under contract will provide full-time employment, part-time, flex-time and other alternative work arrangements may be contracted for individuals with special employment considerations, i.e., age, handicap or other factors.

WIOA OJT must be directed towards private business, the public sector, and private non-profit sectors of the economy. The vehicle for implementing OJT is a negotiated fixed-price contract between employers (subcontractor) and the contractor (service provider).

The sections which follow contain information which describes the WIOA/On-the-Job Training Program and contracting procedures.

## I. WIOA OJT ELEMENTS

*Outreach and recruitment* is the responsibility of all Career Center Staff and Board Staff as they work with the various partnering agencies. In addition, the Business Engagement Coordinator will work to identify potential participants as they engage with the business and industry sector. Partnering agencies can be but are not limited to: Vocational Rehabilitation, Department of Social Services, Community Colleges, Public Schools, Career Centers, Boys & Girls Club, Chambers of Commerce, and Faith-based Organizations.

A *Skills Gap Analysis* and comparison will be completed on each potential OJT participant. The gap in required skills is the basis of the Training Plan and is used to determine the length of the on-the-job training period. There are several tools that may be used to conduct and document a skills gap analysis, including [www.myskillsmyfuture.org](http://www.myskillsmyfuture.org) and <http://online.onetcenter.org>. Region Q will utilize EMSI and/or Prove It. These provide general guidance on how to conduct a skill gap analysis.

If a participant possesses previous experience through a Work Experience Program, a WIOA/OJT contract may be prohibited or be significantly restricted. If the participant's experience is less than the length of training time prescribed by the employer, a contract can be permitted.

The *Training Plan* will be developed based on the job description provided by the employer. The Plan will take in account the participant's prior work history and job skills. Each objective will be measurable and have an expected outcome.

The OJT program will be *marketed to potential employers* through visits made by the Business Engagement Coordinator and/or local Career Center staff. Additional advertising will be through social media sites, flyers and brochures, telephone and email contacts as well as through partnering agencies. Staff will discuss the 'value add' and benefits of the OJT program to the employer.

*Reverse Referrals* from employers will be considered just as any other potential participant. Please refer to Section VII: Participant Eligibility and Requirements for additional information.

*Supportive services* will be provided to all participants who demonstrate a need for assistance. Supportive services will be made available based on funding and cover such items as: transportation, childcare, and emergency assistance. Other requests will be considered on a case-by-case basis and will be based on need and funding assistance.

Please refer to Section II: Employer Guidelines/*OJT Contract Development* for specific details on how an OJT is developed and the requirements placed on the employer.

*Case Management* will be the responsibility of the Career Advisor. The Career Advisor should maintain contact with the participant to ensure the participant stays on track during training and any subsequent OJT contract. *Business Services* will be a coordinated effort between the Career Advisors and the Business Services Staff.

Please refer to Section IV: Method of Payment to Employer and Section V: Basis for Costs Reimbursement Limitations for specific details on *reimbursement and invoicing*.

*Financial and Program Monitoring* will be conducted by Local Area Staff and will be conducted during the review of monthly invoices along with scheduled monitoring visits throughout the program year. Additionally, formal reviews will take place at least once during each OJT contract duration.

## **II. EMPLOYER GUIDELINES/OJT CONTRACT DEVELOPMENT**

No participant who is to be hired into a training position under an OJT contract may be employed prior to the date the contract is scheduled to be signed. The effective date of the contract shall be negotiated between the contractor and the employer and shall be based upon the needs of the participant(s) to start to work and the time needed for processing the contract (Checking corporate status, typing forms, mailing, & etc.). The employer must also be made aware of the fact that no reimbursement will be paid for any training costs incurred prior to the effective date of an approved contract.

Orientation will be provided each WIOA OJT participant by a designated staff person. Each participant, as a minimum, will be acquainted with job factors (wage rate, fringe benefits, number of hours expected to work or attend training, and place of employment), supportive services available, grievance procedures, and civil rights. Special orientation "to the world of work" may be provided by service provider staff or by the employer. The orientation is not covered as part of the OJT contract training activities.

WIOA OJT employers will be responsible for implementing and fulfilling the terms and requirements of their contract. The employer's responsibility extends also to service(s) which may be provided by another organization or agency that directly impacts the WIOA OJT participant while they are under contract. Employers should take appropriate action to assure that organizations participating in the provision of services have the expertise, staff and general capability to deliver employer services effectively.

The WIOA OJT contract must be conducted by the employer at the work site indicated on the contract. The following list provides restrictions and conditions for determining an employer's eligibility for WIOA/OJT funding.

- a. The employer has a bona fide job vacancy and/or is able to give a specific date for an expansion of the workforce to meet needs to increase productivity.

- b. The employer agrees to retain the participant in employment upon successful completion of training.
- c. It is intended that OJT assistance be available only to those employers who generally provide year-round employment.
- d. The employer must not be in violation of local, state, or federal labor laws, which includes taxes.
- e. The employer is experiencing no current abnormal labor conditions; i.e., strike or lock-out in the occupations considered for OJT.
- f. The employer must be in compliance with Section 181(b)(2) and 20 CFR 667.270 of the Act which prohibits the replacement or displacement of regular employees for the sole purpose of filling those vacancies with participants whose wages are subsidized under the ACT.
- g. The employer has not previously abused or misused federally funded OJT programs as a means of subsidizing his payroll and/or by his failure to operate such programs in compliance with applicable contract rules and regulations unless corrective action has been initiated and approved by the LA/Substate Grantee.
- h. Per Section 663.700 of the WIOA Act, subsequent training contracts will not be entered into with employers who have received payments under previous contracts and have exhibited a pattern of failing to provide continued long-term employment as regular employees with wages and employment benefits (including health benefits) and working conditions the same level and extent as other employees working similar lengths of time and the same type of work.

**In Region Q, if an employer has utilized the OJT program for the training of two participants, at least one participant must have been retained at program completion. If more than two participants have been trained under OJT, approximately two-thirds (66%) must be retained at completion. The 66% retention rate is over the previous three years. The Region Q Local Area Director must approve any variance to this policy in writing.**

- i. OJT contracts will not be entered into with employment agencies or employee leasing agencies for staff the leasing contractor provides to perform specific job functions for another employer.

- j. All OJT employers must be registered or licensed (as appropriate) to do business in the State of North Carolina and in good standing with applicable North Carolina Statutes.
- k. OJT contracts cannot be used to assist, promote or deter union organization.

### III. WORKING CONDITIONS AND LABOR LAWS

WIOA OJT employees are subject to the same personnel rules, working conditions and benefits as regular employees hired by the employer. It is the responsibility of the person who negotiates the OJT contract to determine that the participants will be provided benefits and working conditions at the same level and to the same extent as other employees working a similar length of time and doing the same type of work and that all employer and occupational eligibility requirements are met. If the participants will not be covered by the required benefits, a contract cannot be written or approved.

- a. **Worker's Compensation:** Participants must be covered by Worker's Compensation insurance. The person who negotiates the contract must verify that the employer provides Worker's Compensation for present employees. If the employer does not have this coverage or an equivalent coverage a contract cannot be negotiated.
- b. **Fringe Benefits:** Participants shall be afforded the same benefits, at the same level, as other regular employees working a similar length of time and doing the same type of work. This means that if other new employees are considered for salary increases after 30 days, the OJT employee/trainee shall also be considered for a raise using the same evaluation process and the same increase schedule. However, the OJT reimbursement rate will remain the OJT contracted hourly rate.  
  
OJT employees shall also be afforded all paid leave and paid holidays as other employees in accordance with the personnel rules covering regular employees but all fringe benefits shall be a cost to the employer and shall not be included in the OJT cost reimbursement. The person who negotiates the contract must determine that the OJT employee(s) are provided all benefits afforded other regular, newly hired employees of the same employer.
- c. **Union Concurrence:** The person who negotiates the OJT contract must determine if other employees of the employer, who perform the same or similar work, are included in a collective bargaining agreement. If such an agreement exists, the union agent who represents the employees must be made aware of and must concur that the terms and conditions of the proposed training will not conflict with the union bargaining agreement. If

such written concurrence will not be provided, a contract **CANNOT BE WRITTEN**. No negotiation should be undertaken when the employer declines to consult with the bargaining agent during the negotiation process.

- d. Grievance Procedures: If the employer has established grievance procedures for resolving employee complaints, the OJT employees must be made aware of, and subject to, these procedures. The employer must agree to abide by the LA grievance procedures for resolving grievances and complaints from the OJT participant.

#### **IV. METHOD OF PAYMENT TO EMPLOYER**

Employers are required to submit monthly invoices along with pay stubs to the WIOA Service Provider. The monthly invoices will cover the previous pay periods corresponding to the invoice submitted. The WIOA/service provider will provide the employer with assistance in completing the first invoice at the 30 day Evaluation and will assist thereafter as needed.

Employers will not be reimbursed for hours paid trainees for sick leave, vacation and holidays. Personal leave, military leave, and other paid leave is exempt from reimbursement. These days are not considered days in training status. Reimbursement is limited to time actually worked. Original contract end dates can be modified to allow for employer closings. However, the end date cannot exceed six calendar months.

#### **V. BASIS FOR COST REIMBURSEMENT AND LIMITATIONS**

WIOA OJT funds are used to reimburse employers for the extraordinary expenses incurred in training those individuals who might otherwise be excluded from job opportunities due to an identified skills gap. For PY 2017, following the DWS issuance, Region Q Local Area will provide reimbursement described in WIOA Section 3 (44) and WIOA Section 134 (c)(3) (H) to up to 75 percent of the wage rate of the participant taking into account such factors as:

- a) the characteristics of the participants resume;
- b) the size of the employer;
  - Up to 50 percent for employers with 251 or more employees
  - Up to 75 percent for employers with 250 employees or less employees
- c) the quality of employer-provided training and advancement opportunities; and
- d) such other factors as the Governor or local Workforce Development Board, respectively, may be determined to be appropriate, which may include the number of employees (at present and anticipated upon competitiveness of the participant). The local board may increase the amount of reimbursement up to 75 percent based on criteria listed above.

Employers with 100 or less employees have the option of have up to three (3) contracts at one time. These can be a combination of Work Experience and/or OJT. Employers with over 100 employees have the option to have up to six (6) contracts at one time. These can be a combination of Work Experience and/or OJT. The limits set above are a combination of all three program areas: NextGen, Adult, and Dislocated Workers; not per program area. Exceptions may be granted by the Local Area upon written request.

## **VI. RECORDKEEPING REQUIREMENTS**

Employers must retain records for a period of three (3) years to substantiate all claims for reimbursement. Records required to substantiate training enrollments and progress, as well as extraordinary costs, generally are left to the discretion of the employers; however, the Training Plan has been developed to assist employers in substantiating extraordinary costs. The Training Plan is actually the means by which the employer verifies that the training is being or has been provided and the training participant has or has not attained the skill(s) outlined in the plan.

All participant records and eligibility documentation, along with the following OJT paperwork, will be maintained in the participant's electronic file through NCWorks.

- a. Pre-Award Analysis
- b. Skills Gap Analysis
- c. Employer Agreement
- d. Training Plan
- e. OJT Monthly Invoices
- f. Trainee Evaluation
- g. Contract Modifications
- h. All correspondence relating to the contract
- i. Any Local Area Forms

## **VII. PARTICIPANT ELIGIBILITY AND REQUIREMENTS**

An eligible participant is someone who has the aptitude and interest to succeed in a given occupation, is a North Carolina resident and meets WIOA eligibility criteria. The eligible participant, if referred by the employer, will be required to meet WIOA eligibility guidelines and follow all program requirements before placement in an OJT can occur.

Participants in OJT shall be paid the same wages (the prevailing local wage), including periodic increases, as other workers or incumbents hired for the same or similar jobs. If the training includes cross-training in several occupations, negotiate the contract using the **lowest entry rate of pay** for the various occupations, but in no instance less than \$9.25 for any participant.

If the proposed training is for a salaried position, determine that this salary, when converted into an hourly rate, meets the minimum wage requirements. Use the following methods to convert a salary pay schedule into an hourly rate.

Weekly Salary: Salary divided by usual number of hours in work week equals hourly rate.

Monthly Salary: Salary multiplied by 12 equals annual, divided by 52 equals weekly, divided by usual number of hours in work week equals hourly rate.

Annual Salary: Salary divided by 52 equals weekly, divided by usual number of hours in workweek equals hourly rate.

OJT contracts may be written for eligible employed workers when: 1) the employee is not earning a self-sufficient wage as determined by Region Q Workforce Development Board policy (see Region Q definition of self-sufficiency); **and** 2) the requirements of 663.700 are met; **and** 3) the OJT relates to the introduction of new technologies, introduction to new production or service procedures, upgrading to new jobs that require additional skills or workplace literacy. Such employed workers must be provided a career services (general assessment) and individual career service (IEP development) prior to the determination of the appropriateness of OJT. The Region Q LA Director must give prior approval to the WIOA Service Provider for any OJT subcontracts written for employed workers.

### **VIII. Ineligible Occupations**

Under WIOA OJT occupations for which contracts will not be approved are:

- a. Occupations dependent on commissions or gratuities as the primary source or income;
- b. Intermittent seasonal occupations;
- c. Occupations requiring a license as a hiring prerequisite (excluding drivers license);
- d. Occupations requiring less than 240 hours of training;
- e. Occupations on the construction, operation, or maintenance of any facility as is used, or to be used for sectarian instruction or as a place for religious worship.
- f. Part-time occupations (For definition purposes, full-time employment is 36 to 40 hours per week);

Note: Older Workers, workers with disabilities etc. may be negotiated for part-time employment if such negotiation is undertaken for a specific participant. The Region Q LA Director must give prior approval to the WIOA Service Provider for any OJT subcontracts written part-time employment.

- g. Occupations experiencing or historically having a large turnover in employees. Such occupations are customarily in low or unskilled jobs which require only short demonstration in order to perform the job task;
- h. Occupations where adequate supervision and/or monitoring is not available. These include traveling salespersons, truck or van drivers who are totally independent of supervision, and some out-stationed job positions with limited or no supervision.

## **IX. CONTRACT LENGTH**

The OJT period, under the WIOA OJT contract, will be no less than 240 hours and no more than six calendar months. Length of training time will be negotiated based on factors such as a specific individual's need for additional training time and/or reduction in training time to reflect the individual participant's pre-existing skills. The IEP and the training plan inclusive of a documented skills gap analysis will detail the basis for the training time (contract length) necessary for the participant to become proficient in the occupation for which OJT training is provided.

Region Q Local Area will utilize the Specific Vocational Preparation (SVP) codes as indicated in O\*NET to determine maximum length of training in OJT programs. SVP conversions as applied in Region Q LA are as follows:

- SVP 3: Over 1 month up to and including 3 months
- SVP 4: Over 3 months up to and including 6 months
- SVP 5: Over 6 months up to and including 1 year
- SVP 6: Over 1 year up to and including 2 years
- SVP 7: Over 2 years up to and including 4 years

## **X. TRAINEE/PARTICIPANT SKILL EVALUATIONS**

WIOA Career Advisors are required to do Skill Evaluations at 30 days after the contract begins, at the mid-point of the contract, and at the conclusion. These evaluations provide the employer, the participant, and the Career Advisor the opportunity to review the Training Plan and ensure the participant is progressing. If modifications need to be made, they are noted on the Evaluation Form and the OJT contract will be modified.

## **XI. CONTRACT MODIFICATION AND/OR TERMINATION**

The OJT contract may be modified or terminated by the WIOA Service Provider whenever, by mutual consent, it is determined that such modification or termination is in the best interest of the program participant and the employer. The Service Provider will use the Local Area Employer Agreement form to document the modification or termination. Modifications requested by an employer shall be evaluated by the WIOA service provider who may approve or disapprove the modification. Modifications are to be documented and signed in Section 4 of the Employer Agreement and the OJT Training Plan.

A skill gap analysis was performed by using EMSI's economic modeling tool, and the clients' previous education, and work history. The skill set values from the base occupation were subtracted from the target occupation to obtain a skill gap value between the two occupations. Using the sum of both occupations a skill gap percentage was obtained by dividing the skill set values of the target occupation into that of the base occupation. The O\*Net Online website was used to research the Standard Vocational Preparedness (SVP) for the target occupation for a \_\_\_\_\_. Using the percentage value from the EMSI skill gap analysis and supporting documents the client it is determined that the client has a skill gap of \_\_\_\_%. Using the O\*Net SVP of \_\_\_\_\_ which is \_\_\_\_\_ to become a \_\_\_\_\_, the client qualifies for a max benefit of \_\_\_\_ hours of on-the-Job training.
